CREW TRAINING

WHY TRAIN WITH US...

With over 30 years of experience, Bluewater is the longest-established provider dedicated solely to yacht crew training. To meet the growing demand for professional crew, we have expanded our maritime academies to two of Europe's key yachting hubs: Antibes and Palma. We are proud to deliver the highest quality training at the best value. Many of our OOW and Master modules are more competitively priced than other providers while consistently achieving the highest pass rates in Europe.

Bluewater offers all the SV courses:
